

League Rules

- Payments are due the first week of bowling. One person per team will pay for the whole team.
- No outside food or drinks including alcohol.
- The parking lot is not a trash can -- please discard trash on the counter when you arrive.
- Bowling shoes need to remain dry – please remove your shoes on rugs when you arrive to keep the water off the floor when it is raining or snowing. If a spill occurs, grab a rag to clean it up – without using your bowling shoes!
- The league will be bowling league style. You will alternate between the two lanes on your pair so pay attention to where your name appears on the screen.
- Standing sheets are all posted publicly at oxfordlanes.net under Leagues.
- Any substitutes bowling should include a first and last name in order to be counted as valid games for your team. Any incomplete names will be kicked out of the import.
- No lofting bowling balls – lofting causes damage to lane panels and will not be tolerated. A bowler who continues to loft the bowling ball will be asked to leave resulting in zeroes for remaining frames.
- The league will be bowling 11 regular weeks. Week 12 will start the playoffs for the top 8 teams. Each round will be two games allowing for 3 possible points each round. The team with more points will advance. The bowlers of the teams not making the playoffs may bowl during the first round of the playoffs at their regularly scheduled time.
- Vandalism/damage of any kind is grounds for expulsion.
- No pledges fetching alcohol.
- When you finish bowling, put your bowling ball(s) away, return shoes to the counter, return food baskets to the counter, recycle beer bottles, and close tabs.
- The website <https://oxfordlanes.net> has the daily open bowling schedule listed. If we tell you no, that's the final answer no matter how you ask the question. If there are other events going on, they take priority to new arrivals. Understanding this makes it easier. Please watch your language when there are children around and do not show up intoxicated (for your safety and the safety of others). Showing up intoxicated or continuing to use inappropriate language will result in regular pricing. The LaneTalk app will show current lanes in use during open bowling.
- League discounts will be available to bowlers whose league fees are paid, and they have been registered using a valid email address. The league card is only valid for the bowler it is assigned to – who must also be the person paying for bowling. Sharing league cards will result in them being confiscated. Continued issues can result in the fraternity's discount eligibility being removed.
- These rules also apply during open bowling play.
